Navel orangeworm	<i>Amyelois transitella</i>	\$65	\$50	\$40	\$32
Codling moth	<i>Cydia pomonella</i>	\$65	\$50	\$40	\$32
NO-QAGE Diamondback moth ²	<i>P. xylostella</i> , <i>Btk resistant</i> ²	\$65	\$50	\$40	\$32

¹ Shipped on damp filter paper

² Strain resistant to B.t.k. HD-1

- Discounts are available for long-term standing orders, and most orders greater than 50k eggs. Please ask!
- Eggs are normally shipped attached to the oviposition substrate.
 - Species denoted with an (L) can be removed from the substrate for \$25 (any quantity) and shipped loose.
 - Species denoted with an (S) can ship surface-sterilized and loose for \$50 per species (any quantity).
 - Other species can be shipped surface-sterilized while attached to the oviposition substrate. Please ask!
- ANY egg order can be pre-incubated prior to shipment to assist with specific hatch timing. Cost is \$25 per cohort.

¹ HF larvae are shipped in cups of diet ² Strain resistant to B.t.k. HD-1

- Prices for Mosquitoes and Cockroaches are for SINGLE SEX adults. Mixed-sex orders are discounted by 25%.
- Prices for lepidoptera pupae are for MIXED SEX, approximately 50:50 ratio. Pricing for SINGLE SEX is doubled, due to waste.
- Pricing above for lepidoptera larvae (except *P. xylostella*) as shipped in 32-cell trays containing artificial diet.
 - Please see notations (above, right) regarding discounts for larvae sent in communal rearing cups.
- To obtain high quality adult lepidoptera, please order pupae. We can provide guidance for proper emergence conditions.
